Feb. 28,1925.

Mrs. Minnie Raines Wiley,
75 Hunt Street,
Atlanta, Ga.

Dear Mrs. Wiley;

Your letter of Feb. 19th came to hand during my absence in New York City and I have just noted same with great pleasure.

I would like for you to give me the following information, the number of the lot in Oakland Cemetery that my Uncle William was buried in and likewise his wife. My Father used to tell me that he had no children but that they raised a nephew of his wife's by the name of Thomas Raines, evidently these were your parents that afterward moved to Atlanta. I will be in Atlanta in a very few days, possibly Tuesday or Wednesday, as I am up there almost every ten or fifteen days. I would like for you to be prepared to give me some little incidents that happened in his life along from time to time, in other words was he raised in Upson County at the old Robert Collier plantation which is now owned by the estate of Robert Marshall Collier the second that lived and died in Atlanta on October 24th last? Also advise me just when he went to Columbus Ga. and the line of business he followed in Columbus as I wish to make a little history of his life to go into the Collier genealogy which I have completed from the fifteenth century practically up to date. You can give all this some thought and we will talk it out when I come up as possibly it will be better than attempting to write, I can get a fuller statement of the facts connected with his life.

With best regards I beg to remain

Yours most sincerely,

JCC:C
